Materials Camps give you something you could really use in the classroom.

The ASM Materials Camp for Teachers is a 5-day workshop, combining innovative classroom instruction and laboratory experiences. This free workshop is designed to help you:

- Engage your students with hands-on science experiments
- Help your students explore science in everyday life
- Encourage your students to pursue higher education in science
- Introduce new ideas and technologies to build your curriculum

When:

July 5 to 9, 2010

Where:

Ashbury College
Ottawa, Ontario, Canada

See the
**NACE Foundation of
Canada at Exhibit F16**
for more information
during **Science Teachers
Association of Ontario
Conference.**

Prepare the new generation of scientists, engineers, and technologists.

Who should attend?

- All teachers of science and technology

Why attend?

- Learn how to engage your students using simple, low-cost/no-cost experiments that you can integrate into your existing lesson plans
- Help your students discover career opportunities in science.
- Everything is FREE:
 - Materials
 - Accommodation and meals at Ashbury College

Registration Opens December 2009.

Visit www.asmfoundation.org for more details.

"This camp has
been an amazing
experience and I look
forward to implementing
this with my students!"

—Tamrin Carroll
